

29 March 2006

**ISDI COMMENTS ON
DRAFT REVISED STANDARD FOR PROCESSED CEREAL-BASED
FOODS FOR INFANTS AND YOUNG CHILDREN**

Alinorm 05/29/26, Appendix II
(At step 8 of the Procedure)

Answer to Circular letter CL 2005/53-NFSDU

The Draft Revised Standard for Processed Cereal-based Foods for Infants and Young Children has been moved forward to Step 8 and hence is sent to the Codex Commission for adoption.

We note that the following items were approved at the last CCNFSDU session and ISDI supports those changes:

- The Description of the products concerned by this Standard (2)
- The Essential Composition (3.1)
- The Optional Ingredients which may be added to those products (3.8)
- The inclusion of a section on Flavours (3.9)
- The Food Additives section (4)
- The Labelling requirements for those products (8)

**Therefore, ISDI strongly supports the adoption of
the Standard for Processed Cereal-based Foods for Infants and Young Children
by the Codex Commission in July 2006.**
